

## School Fees 2026

It is with utmost pleasure that we can inform you that we are only raising our school fees by 6% as opposed to most schools, which increased their fees by 8% to 10%. We understand that any increase in school fees can be a concern for families, which is why we have made every effort to keep the increase as minimal as possible. We believe this moderate increase will allow us to continue providing our students with the high-quality education and resources that they deserve.

School fees are payable according to one of three options: one yearly payment, four quarterly payments, or twelve monthly payments.

Annual School Fee per Student: R47 700 (*before deductions)
